Reports

You should have received your child's Targets report for the Spring Term today. They need to be signed and returned to school on **Wednesday April 25th.**

Your child has already had the opportunity to discuss the report and targets with their teacher. The targets are specific to your child and based on current performance. They have been carefully chosen to be challenging but achievable. If achieved they will greatly help your child's progress at school and they will be closely assessed at the end of term. Any support from home towards achieving these targets would be greatly welcomed and would help ensure your child's progress.

The report will also have the additional information regarding 'Attitudes'. This will cover six areas that impact on your child's progress e.g. attendance. Each area will be colour coded using the following light system:
Green – all is well Yellow – could do better Red – needs significant improvement. Your child will also receive targets in these important areas where necessary.

If you have any queries regarding the report then please do not hesitate to contact your child's teacher.
