Relationships and Sexuality Education

Growing Up Information Meeting for Parents/Carers

Wednesday 10th April
3.10pm

Eyes Down for a Full House -

Easter Bingo Fun!

We will be holding a Pupils' Easter Bingo fun session for each year group on **Thursday April 11th**. It will be held during the day and will be **£1 per session**.

We would be very grateful if you could donate an Easter Egg that we could use as prizes.

Thank you for your support.

Eco Action Day Friday March 29th

Wear It Green - £1

(Wear anything green and pay £1)

Cake Sale

(Cakes 50p – please send in cake donations on the day)

Do you know how many single use plastic bottles we throw away in our school every week?

A recent survey by the Eco Council found an average of 73 single use plastic bottles are being thrown away every week. That's a massive **2,847** bottles a year. The Eco Council are committed to reducing single use plastic in the school. We are raising money to buy every child at Ysgol Sant Elfod a reusable water bottle.

We will also be launching our **Big Battery Hunt**. Pupils will be sent home with a box to collect used batteries to bring into school for recycling. The more we collect the more chance we have of winning some fabulous prizes for the school, including school trips, school equipment and Ipads.

Story Telling

Year 3 enjoyed a storytelling session with Gillian Browson this week. They had the opportunity to listen to and act out a story about Hannah who stole some coal. Children got chance to make freeze frames of the story and dress up in costumes from the 1900s. It encouraged some fantastic discussion about making the right choices.

Recommended Treatment for Head Lice

The wet combing method involves removing the head lice by systematically combing the hair using a special fine-toothed comb.

You can buy a fine-toothed comb from your local pharmacy.

Lotions or sprays don't need to be used for wet combing. However, to be effective, wet combing needs to be carried out regularly and thoroughly. The method you should use is described below.

- Wash the hair using ordinary shampoo and apply plenty of conditioner, before using a wide-toothed comb to straighten and untangle the hair.
- Once the comb moves freely through the hair without dragging, switch to the louse detection comb. Make sure the teeth of the comb slot into the hair at the roots, with the bevel-edge of the teeth lightly touching the scalp.
- Draw the comb down to the ends of the hair with every stroke, and check the comb for lice.
- Remove lice by wiping or rinsing the comb.
- Work methodically through the hair, section by section, so that the whole head is combed through.
- Rinse out conditioner and repeat the combing procedure.
- Repeat the procedure on days three, six, nine, 12 and 15, so that you clear young lice as they hatch, before they have time to reach maturity.

How long it will take to comb your child's hair will depend on the type of hair they have and its length. For example, short, straight hair can be quickly prepared and can be fine-toothed combed in a few minutes. Longer, curlier hair will take longer to comb.
