Join our Club today and start saving!

At **Park Vets** we want to make preventative health care easy and affordable to help you give your pets the best care possible.

Our **Pet Health Club** is a great way to spread the cost of routine veterinary care for your pet. It is not pet insurance - it covers the regular treatments your pet needs throughout life, such as vaccinations, flea and worm control and regular health checks which are not covered by insurance. No pet is too young or too old to join.

Extra benefits of the plan include discounts on other treatments and services you might need, such as neutering, micro-chipping, dental care, additional vaccinations and nail clipping.

We can't emphasise enough how important it is to provide routine veterinary care, and joining our **Pet Health Club** will help you do so for an affordable fixed monthly cost. Speak to one of our staff today to find out how you can budget monthly while providing the best care for your pet.

VACCINATIONS

CAT: Flu (Calici and Herpes), Enteritis, Leukaemia

DOG: Distemper, Hepatitis, Parovirus, Parainfluenza, Leptospirosis
